Remarks / 87

From thence we worked to the Northward with Easterly winds and pleasant weather June 28th saw a comet in the N.W. July 6th saw the BK Caseiro Lat 35:48 Long 74:06. having taken 2 small Humpback Backs on western Ground making 35 bbls (from that time up to July 23rd fine weather in Lat 32. 25: Long 78.10 saw the schooner carrie Clark.) 24th saw Black Fish. (26th light S.E. winds saw 2 large spur whales 2 points off the lee bow going quick into the S.E. lowered & chased without success Lat 30.38. Long 80.08.) 27th saw ship B.F. Sparks) 28th B F Sparks & M E Simmons 29th saw three large whales 4 miles off the weather beam. lowered and pulled for them. ship lost run of them. raised them from the boats. L B. got a 60 bbl whale ship just in sight. towed them to the ship. light Easterly winds Lat 31.16 Long 67.02 three boats

1881

Remarks 81

Aug 1st Employed in Boiling. Saw three sperm whales close to the ship going to the windward. Boweing a moderate gale at the time. Lowered the L & W. Boats and chased did not see them from the boats again. and only once from the ship. fine weather up to Aug 12th & 13th saw Bks John A Wentworth & A. R. Tucker 14th Bk Mermaid Boiling a 150 bbl whale Aug 16th raised a large fine whale going quick into the South Lowered and chased whale going toward the Mermaid got where they saw our boats. They lowered 2 boats. We mated. Charles W. Morgan came down lowered 4 boats Mate of the Mer went along side boat steerer got one iron in sight. drawed it went on fastened got close 2 and mate took my line got the whale took him to the Mermaid we took

Remarks / 81

the Head. Whale made 80 bbls
Aug 22nd" fine pleasant weather
raised 4 large whales going into the
S.W. light airs from the East. lowered
the boats S.B. started them up. however
the 8 the N.B went along side of one
one struck on the fin. other was Hack
Bluber N.B. got stove. chased until
there was no chance and returned
on Board. Aug 23rd" working up
for Flores shot of watis. 27th" saw
BK. Mattapoisett 9 bbls this season bound
home. 28th" Dutch ship Olive 80 days from
West coast of South America. 29th English
BK. Bessie Morris 70 days from Mauritius
for London. also Ship California of
N.B. Sept 2nd 1st sighted Flores
got a raft of watis 27 bbls. Weather was fair
6th" raised Fayial. had nasty weather
with Moderate gale from the S.W. from there
wind hauled into the N.E. and blowed
a young Hurricane for 6 or 7 hours

Remarks

Sept 9th Touched at Fayial found that Potatoes were as dear as they were at Phila 70 cts per bushell. so got the cash and Started for Terceira Arrived there the 12th layed around several days for weather to land Both capt went ashore at the city and ordered 90 bushels of Potatoes Sept 16th day went in and got them very Equally at dark Blowing a gale from the N.W. running under a close reefed Main topsail Bound for Teneriffe. Had had an average of weather from there to Madeira where we arrived Sept 20th cruised out to the N.E. for four days saw nothing fine weather. 29th sighted the Salvages. Mon Oct 3rd arrived at Teneriffe Anchored in 12 fathoms of water Mon Oct 31st Sailed light winds & calms for three days then had a good breze from the N.E. came down to the Eastward of the cape Verdes. in company with the A.R. Tucker

1881 Remarks 81

Crossed the Equator Nov 30th in about 25.15. took the S.E. trades in 4 north had not much rain. Dec 6th Lat 11.25 Long 30.44 saw the B Gosnold. Seen nothing since leaving Teneriffe. Dec 11th in 16.55 Long 36.25. saw the BK Attleboro cutting in 400 or 450 bbl whale raised the whales going into the N.E. but after gallying them they milled into the S.W. to day is Mon 12th we have had fine weather with N.E. winds for the last week. we are now cruising seen nothing yet (Dec 13th to day the weather looked squally but this afternoon fine Porto Seguro 102 miles off bearing about N.W.½W. Saw numbers of Algerens & fish.) (Dec 14th Fine pleasant good breze from the N.E. nothing to be seen, one said) Thur 15th saw the A.R.S. she had seen whales once since the last time we saw her getting nothing Reports the Ocean Nothing since leaving Teneriffe. 16th A.R.S. and a brige in sight supposed to be the

Brig Henry Trowbrige on the 19th
gamed with the Tucker. said they had
gamed with the Trowbrige. and while
gaming raised whales. but got none
while we were gaming we raised
whales after Sulphur. lowered but it was
to late. 20th at 9 oc a.m. raised a
lone whale going into the S.S.N. tucker
in sight a head hull up from aloft.
12 oc lowered our boats. no sooner got
them down when the tucker lowered
hers. after lowering raised another whale
About 3 oc p.m. Star boat went along
side darted the first iron in & shoved
the 2nd in but they both came out
about 5 oc BK sein came in and
lowered her boats. at dusk 1 and
the mate of the S. was going on together
got most on and the whale settled
came up to the wind. struck and
the 2nd mate of the tucker struck

him. We were not mated but Mr Sloan went on to shoot him and got stove bad. so took him in tow and brought him alongside. tuckers folks didnt Kill there whale until night stay some time. We saw her boats down at Sea (23 & 24. Squally and strong breze from W. to S.S.E. wind ban most way around) i believe they saved 30 bbls he was called a 70 bbl whale had rough weather. Moderate gale from the N.E.) then we worked to the Eastward. with fine weather on the. 31 & 1st Dec/82 we saw a school of sperm whales Lat 19.18. Long 33.31 going into the W.S.W. Lowered the boats Capt Briggs Called them by running over a calf chased on nasa boat struck but iron drawed. didnt get any) worked back into the West 2d & 3d Jan saw the Seine had seen whales once since we saw her last

Reported A.R.Y had taken two small whales. also Reported Brigs Francis Barstow & Henry Growbridge. BK Andrew Hicks. on the ground all had been whales,) B. 34. L 36 00) 13th Jan worked to the Eastward winds from E. to E.S.E from Jan 20. & 21st. in company with the A.R.Y. 21st sighted Trinadad with the Tucker both capts went fishing caught quite a number of good fish. 22nd parted company with the Tucker. we started to the Northward & she to the Southward. commenced to set up rigging (had the winds from Trinadad to the Lat of 2, 18 N from E to S.S.E. Sighted Fernando Noronah Feb 2nd crossed the Equator in Long 36. 30 (Feb 6th) from that had strong N.E. trades to Barbadoes. where we arrived on the 23rd of Febuary, Anchored in 12. fathoms of water

Barbadoes

Here we took in provisions 31 bbls Bread at about 3¾ cts a lb. 20½ bbls Meat at 16.8 19ᴰ per bbl. 3 cords of wood 5 bbls of flour & water & of water averaged about 20 cts a bbl. painted Ship inside and out, Spars &c, tarred down. cleaned all iron work. and on the 10 of Mar put to sea. bound for Lat. of 18 to 22. Long 43. to 46) had very strong trades all the cruise had to tack several times to clear the islands on April 7th Arrived in the Lat of 21. 40. Long 46. 53. after a long tedious passage all kinds of weather nothing heavy but mostly strong winds from the E & E.S.E to E.N.E some times a stant to the North we went as far north as 24 Lat. (we have now been almost 8 months without a horse fish seen whales 4 times been fast twice drawed both times got two boats stove one of those times was dark when we raised the whales)

April 7th
Friday Evening at Sea on board the Wave
Lat 21.40)
